Most people go about it the wrong way. In this introductory class, you will learn about a unique, outside the box way to break into this creative, fulfilling, and potentially lucrative industry. Voice-overs can be managed on your own terms, on your own turf, in your own time, and with minimal overhead! Whether you choose to pursue voice-overs part-time or full-time, this could be the game changer you've been looking for. Zoom link will be provided 72 hours prior to class. Instructor: Lisa Foster.
